Lewis Deans '03

## 2002 UNC Greek Leader of the Year Offers Sage Advice

"If there is one thing I would like undergraduate brothers to remember, it is that we have a wonderful house that has been rebuilt, and we should not take that for granted." These words from Lewis Deans '03 can be a reminder to actives as well as graduate brothers of the burning of the house seven years ago. Even though it was a tragic event, Deans sees how it has pulled many classes together. "The Class of '03 was the last class to be with those who actually experienced the fire. We need to pass down memories even if they are adversities."

As this senior from Farmville, N.C., prepares for a May '03 graduation, he is quick to remember the good times, as well. "Fiji Island during my freshman year was the best," he recalled. "It was nice to get back together as a pledge class. And as we slid down the slide into the house, we just knew that this was something we would remember for a long time." Deans is very proud to have shared these memories with pledge brothers and good friends **Rusty Byrd '03**, **Wood Sarless '03** and **Chris Calloway '03**.

Dean's list of Phi Gam credentials is quite impressive. In addition to being named the university's Greek Leader of the Year in 2002, he adds to the list his achievements as house rush chair, social chair and historian as well as his roles as IFC president, vice president, social vice president, house representative and executive board member.

And having seen a significant amount of leadership experience in both Phi Gam and general Greek initiatives, he is excited about improvement programs he has helped develop and implement. "Right now, I am working on the Chancellor's Committee on Greek Affairs," he said. "This is a hand-selected committee of faculty, the Board of Trustees, the Board of Visitors, alumni advisors, the Parents' Council and students. We are working to put forth a proposal to the Board of Trustees to restructure rush and pledge programs. We want to take some of the pressure off freshmen in their first few weeks of school."

Anxiously looking ahead to a summer business program, Carolina Business Initiatives at the Chapel Hill Business School, and a possible career in real estate, Deans encourages all brothers, active and graduate, to play some part in the continuing traditions of Phi Gamma Delta. To undergraduates, he says, "Take advantage of the many opportunities you have to serve on so many levels. You don't have to be president, vice president or even treasurer to share in the responsibility and have a great time." And, to the graduate brothers, the advice is very similar. "It is so easy for you to come back and be an active part without it becoming a burden. Remember, it is really through you that the undergraduates know the history of Phi Gam."

Best wishes to Lewis Deans as he graduates from UNC and moves forward into what we know will be a successful future!

## An Outstanding Year at Phi Gam

The brothers listed at right value the relationships they developed through Phi Gam and want to keep track of old friends and our chapter's progress. They care about the place they called home at the University of North Carolina and where they will always be welcome visitors. They have a stake in the ongoing process of creating the next generation of young leaders, and by writing a check to our 2002-03 Annual Fund, they have shown that they believe these things are important. Also, they fund graduate communications, including this newsletter, our Web site, reunions, house events and maintaining contact information for nearly 800 living Phi Gam graduates.

### We reach out to those who have not been involved and invite them to participate.

To date, 135 brothers made gifts of \$10,490. It is gratifying to see 68 new donors and 16 increase their giving this year. However, we still hope to hear from those we have not heard from this academic year. We reach out to those who have not been involved and invite them to participate.

A strong organization is the foundation for a healthy undergraduate chapter—a place where leadership develops and lifelong bonds are forged. Our donors are grateful for what the fraternity did for them and wish to pass on to those that follow the experiences and benefits of Phi Gam at UNC. ■

*A fraternity is an association of men, selected in their college days by democratic processes, because of their adherence to common ideals and aspirations. Out of their association arises a personal relation which makes them unselfishly seek to advance one another in the arts of life and to add, to the formal instruction of the college curriculum, the culture and character which men acquire by contact with great personalities, or when admitted to partnership in great traditions. — Newton D. Baker (Johns Hopkins 1892, Washington and Lee 1894)*

## A Full House Serving the Community

All is well in Chapel Hill as the brothers of Epsilon enter their second semester of the school year. With the beginning of the new year came the installation of new officers to the cabinet. The undergraduate brothers of Epsilon would like to thank the old cabinet for their dedicated service to the fraternity. The new leadership is eager to fill their shoes and continue Phi Gam's tradition of being the best fraternity on campus. This past fall, Epsilon was proud to induct 12 new initiates into its brotherhood.

This year's pledge class contained within its ranks two legacies, John Dixon Fleming III who is the son of **John Dixon Fleming, Jr. '76**, and Wilson Hanley Weed who is the son of **Frank Charles Weed '70**. With the addition of these initiates, the current undergraduate membership of Epsilon stands at 57 brothers. We are also pleased to announce that for yet another semester, our chapter's cumulative grade point average is above the all-male average at UNC. Our membership numbers as well as our academic standing are very strong compared with other fraternities on campus, so it need not be said that our chapter is carrying on the tradition of excellence that has been a hallmark of Epsilon for more than 150 years.

Vance Hall is in great condition as it enters the second semester of its fourth year since it's reopening in 1999. Currently, it is at its full capacity with 27 brothers living in the house. One of the new objectives of Epsilon and the Greek community is a renewed focus on service to the community. We are proud to announce that our own Breck Gibbs '04 is the IFC chairman responsible for leading the Greek community's spring initiative to build a Habitat For Humanity house. Throughout the spring semester, UNC Greeks will raise \$25,000 and will provide all of the man-hours to build the house. Phi Gamma Delta is committed to helping see this project through by not only raising part of the money but also providing labor for several weekends on site at the Habitat house. Please be sure to put this year's Pig Dinner date on your calendar. We look forward to seeing all of you at the Angus Barn. ■
